2008[58] BMW 335d M-Sport Twin-Turbo Diesel 4 Door Saloon, 6 Speed Automatic. 3.0 Litre, In-Line_6 Cylinder 24-Valve DOHC, 265BHP / 576Nm Bi-Turbo DIESEL. One Owner with F/BMW/S/H and 4921 miles. There is no other car that can impress more in combining sporty exhilaration with comfort and luxury than the Bi-Turbo 335d M-Sport Saloon. A decidedly sporting Ego with proportions that telegraph its capabilities admirably and instantly tells you: "I'm a BMW". With her squashed kidney grills stretched horizontally, plus quad round xenon headlamps and the requisite and omnipresent "Hofmeister Kink" at the trailing edge of her side windows, the intent is quite clear. This is of course the true BMW – the Driver's Car – the Ultimate Driving Machine. She has been crafted with so many tasteful design enhancement features that it would easily fill a sizeable novel. Finished in stunning Sapphire Black Metallic with Lemon Dakota Leather, this 3-Series flagship luxury sports saloon is without equal. As such it rivals models such as the Mercedes-BENZ' C320CDi Sport and Audi's A4 3.0TDI and they are sadly put to shame when placed on a racetrack side by side. This modern Diesel is now the undisputed king of the black top in its class . The performance potential of this twin turbo-charged 3.0 litre Straight-in-line 6 cylinder 24valve diesel power plant will induce sweat into the most able A4 3.0TDi and/or the C320-CDi Sport driver. It packs such a bracing punch with its 265BHP @ 4400rpm by courtesy of its staggeringly fierce a là 576Nm torque between 1750-2250rpm, that it gives her an exhilarating pace that is simply breathtaking. She is smooth and plush, and the ride and handling faithfully combines cossetting comfort with decent feedback and control. This six-cylinder cracker with a burble that is truly addictive results in an impressive 0-60mph that growls her way as soon as you hit pass the firewall in just 6.0 seconds or in simpler terms naught to delicious in no time at all and with a top speed limited by design to 155mph exactly the same as for those exotic super cars. Furthermore, this hugely capable and talented all-rounder, particularly in this DIESEL guise is arguably the best diesel luxury sports saloon model today, bar none. What is incredible, her power plant with break power regeneration also provides you with an excellent all round fuel economy of around 36mpg. Combine this with BMW's legendary rear wheel drive, the matching sportiness of the electronically controlled dampers, the modern body construction and an elegant interior Designo Burr Walnut décor and go and add to that ergonomically designed plush seats in unique and unblemished Designo Lemon Dakota Leather and you have in this 335d, a car that is setting the highest standards in performance, luxury and driving excellence. When you then are comfortably settled behind her new M-Sport steering wheel with her plethora of buttons plus a myriad of manufactured extras so skilfully placed around the dashboard and centre console all desirably generating confidence instead of rivalry, sensation instead of sensationalising. These are the attributes make BMW's 335d, the true luxury performance sports diesel of the 21st century. An incredible car with an unbeatable value. That is the ingenious of Munich in living form, which is what makes an everyday reality of this the Ultimate Driving Machine. Why not participate in this incredible driving experience daily, and become part of BMW's luxury world today. Driving this car is a unique opportunity well worth experiencing and thereafter owning such a stupendous driving machine is truly a dream come true. A car conceived and built for the special in YOU! This particular 335d has been dubbed by BMW with "Best Vehicle" designation and is finished in stunning Black Sapphire Metallic with unblemished Designo Lemon Dakota Leather interior complemented by a delicious Anthracite Headlining.
