**PORSCHE-2001 [Y] BOXSTER - S, 3.2 Tiptronic S Roadster Convertible**  
**3.2Litre, Flat-6i 24Valve MPFI DOHC, 252BHP, 5 Speed TIPTRONIC Automatic.**

**2001 [Y] ~ PORSCHE BOXSTER S, 3.2 Roadster, TIPTRONIC Convertible 252-BHP Automatic.**

One Previous Lady Owner with F/P/S/H with 29K miles. Finished in unique **GT SILVER Metallic** with special *black & stone grey* leather interior. A high spec car where the reality truly lives up to expectation in this stupendous five-speed, rear-drive **TIPTRONIC** which allows sequential manual override by way of steering wheel pads. Her 3.2 Litre, 24 valve, multi-point-fuel-injection power plant produces a cool **252BHP** with an exhilarating **0-60 in 5.8secs**. This is a tasteful example of total automotive excellence with a distinct image of exclusiveness that goes far beyond the imagination. Little compares with this melodious flat six; especially when the sounds are located directly behind your hearing senses. The throbbing soundtrack starts right down at city speeds and you don't have to rev it hard to achieve that delicious virtuoso effect. Maximum torque is delivered at 4600rpm and it is there when your euphonious pleasures start reaching their peak. Among turn-key day-to-day cars, nothing comes close to supplying the sensational, seat-off-the pants rush effect that the Boxster S 3.2 does. The car comes alive on quite country roads and makes driving and responding very much a two-way pleasurable experience; this car feels as if she is painted on the road ahead. It courses between bends without being at all bothered by bumps and/or debris, whilst speaking volumes through its chassis and steering as well as probably manically grinning driver. This is true fun at its best, pure and simple. She is brutal yet beautiful, lively yet with an inimitable style with elegance. These are the qualities that make this car one of the most desirable S-enhanced Boxster models that is uncompromisingly the true sporty implementation of the Porsche-Boxster concept with its instantly recognisable red brake four-piston mono-bloc callipers. The package is complemented with the excellence of a premier Hi-Fi system with single as well as 6CD decks, creating an ambiance only to be found in the more exotic Carreras and comes complete with a brand new Hands-Free Nokia 6310i integrated GSM telephone system. Forget the mid-life crisis; make your heart beat fast each and every day, for less than half the price of the NEW car. *This Vehicle has also been fitted with the following further design enhancement features including BUT not Limited to:\** 5-Speed Tiptronic Automatic Transmission. Anti-Lock Braking System. Airbags. Electronic Stability Programme. Climate Control, Pollen Filter. Electric windows. Electric Heated Wing Mirrors. Auto-Dimming Rear View Mirror. Power Brakes. Stainless Steel Exhaust System. Power Steering. Adjustable Steering Column. Engine Immobiliser. Theft Alarm System. Electric Seats. Map Reading Lights. Windscreen Rain Sensors. Dual body-colored heated & Electrically adjusted outside mirrors. Center high mounted stop light. Top HI-Fi System with CD, RDS+CD Stacker with Integrated Surround Sound Speakers.
