

**2011[11] MB S350 CDI BlueTEC Turbo-Diesel, 4 Door Saloon, 7 Speed Automatic. 3.0 Litre v6 24-Valve DOHC Turbo-DIESEL, 258BHP/620Nm.** One Owner with F/MB/S/H and with what can only be described as 11200 caring miles. This exquisite S-Class oil burner, has been finished in rare unmarked **PALLADIUM Silver** metallic with unblemished Anthracite Black soft nappa leather interior. There is no other high-end car that can impress more in combining sporty comfort with luxury and economy than the **S350 CDI BlueTEC Turbo-Diesel**. This latest incarnation within the S-Class range has been draped with so many tasteful design enhancement features that it would easily fill a sizeable novel. The S-Class is the flagship luxury saloon within the Mercedes-Benz range. As such it rivals models such as the **BMW's 7-Series, Audi's A8**, and of course the unassuming **VW Phaeton**. In this country, **nine out of ten** S-Class buyers opt for the diesel option, so here is the good news - the latest version of Mercedes' 3.0-litre V6 oil burner slashes CO<sub>2</sub> emissions to an incredibly low **164 g/km**, becoming their biggest seller and accounting for almost **60%** of its sales in this country. She is tough and she is strong. This extremely refined and frugal diesel is the most sensible choice by far when making a decision to purchase, resulting in the highest residual values of any luxury saloon. The modern diesel is now the undisputed king, powering the luxury car market as well as the **Le Mans 24hr race circuit**. The performance potential of this **turbo-charged 3.0 litre v6 24valve DOHC** diesel power plant will induce sweat into the most able **A8** and/or the **740d** driver. It packs such a bracing punch with its **258-BHP** by courtesy of its staggeringly fierce a la **620-Nm** torque that it gives her an exhilarating pace of **0-60mph** in less than **7** seconds which is simply breathtaking. She is smooth and plush, and the ride and handling faithfully combines a cossetting comfort with decent feedback and control through her effortless steering. That is quite a feat in such a big car. She may be grand, but she shrinks around you, hugging you and making you feel as if you are driving a sporty **C320CDI** saloon. This six-cylinder cracker, with a burble that is truly addictive, results in an impressive **0-60mph** that growls her way as soon as you hit passed the firewall in just **6.8 seconds** with a top speed reaching in excess of **155mph**. Now for a car that is well over two tons in weight you must admit she is no slouch and that is impressively agile performance pure and simple. Furthermore, this hugely capable and talented all-rounder, particularly in this **DIESEL** guise is arguably the best diesel luxury car today providing you with an excellent all round fuel economy of around **42mpg**. Combine this with Mercedes-Benz's legendary engineering ingenuity and pioneering heritage, with the matching sportiness of its electronically controlled suspension, the new **S350 CDI BlueTEC's** modern body construction with its elegant interior and hand stitched leather décor and you then go and add to that ergonomically designed plush seats in beautifully soft black leather and you end up having in this **S350**, a car that is setting the highest standards in performance, luxury and driving excellence. When you then are comfortably settled behind her new design, re-shaped all-leather steering wheel with her plethora of buttons you cannot help but imagine you are about to pilot a **747** with enough on-board computing power to help you take-off graciously. With a myriad of manufactured options & extras so skillfully placed around the dashboard and centre console all desirably generating confidence instead of rivalry, sensation instead of sensationalizing. These are the real attributes that make the **S350 CDI BlueTEC**, the true luxury performance saloon of the 21<sup>st</sup> century. An incredible car with an unbeatable value. That is the ingenious of **SINDELINGEN** in living form, which is what makes an everyday reality of this Beauty with Driving Excellence. Why not be part of this incredibly enjoyable driving experience, and be part of Mercedes-Benz's world of luxury. A unique opportunity of experiencing and owning this stupendous driving machine conceived and built for the special in you!
