**2006[56] Mercedes BENZ-C350 3.5L SPORT Coupé 268BHP 3Dr Hatchback 3.5 Litre, 6 Cylinder V6 DOHC, 268BHP/350Nm, 7G-Tronic Automatic.** 1\_Owner F/MB/S/H and with only 24,500 miles. She is finished in exquisite **Iridium Silver Metallic** [775U] with full black Nappa leather interior with **AVANTGARDE** trimmings. A high spec car inclusive of AMG Styling package with Sports suspension, ESP, ABS, Tempomat and the rest, the reality truly lives up to expectation in this stupendous lively, joy to drive, five-speed, rear-wheel drive Tiptronic automatic. This deliciously curvaceous beauty with her new range-topping 268bhp 3.5-litre V6 and 7G-Tronic automatic gearbox power plant produces a cool **268BHP / 350Nm** resulting in an exhilarating 0-60 mph in 6.2 seconds and a top speed limited by design to 155 mph. Put your foot down and this SC launches down the road at an impressive rate. Keep the throttle planted and licence-threatening speeds arrive in seconds. There is no doubt that this Sports Coupe's stylish AMG package exterior/interior trimmings with dynamic credentials to back up its gorgeous looks propels Mercedes-Benz into a younger, more sporting market than ever before. This is a tasteful example of total automotive excellence with a distinct image of exclusiveness that goes far beyond the imagination. Beginning life on the W203 saloon's new platform, this Sports Coupé employs the same new three-link MacPherson spring strut suspension and all-new rack-and-pinion steering. So take it as read that the C-class "hatch" feels every bit as solid, durable and agile as its four-door siblings. And you get all of this without any reduction in the C-class's outstanding ride quality. This nimble Sports Coupé's cabin design and quality is as good as or better than any of its rivals'. With its Evolution trim, the two instrument backlit white dials in a multi function screen which is controlled via buttons on the steering wheel, this model costs more than £28,000 before all extras that are on this car. The fit and finish in the cabin is superb and the interior has a stylish feel that's missing from the more functional equivalent Audi cabin. The throbbing soundtrack starts right down at city speeds and you don't have to rev it hard to achieve that delicious virtuoso effect. Maximum torque is delivered from around 2400rpm and the maximum power is achieved at 6000rpm and it is from 2400rpm when your euphonious pleasures start reaching their peak. Among turn-key day-to-day cars, nothing comes close to supplying the sensational, seat-off-the pants rush effect that this C-Class coupé does. The car comes alive on quiet country roads and Mercedes' ESP Electronic Stability Programme makes driving and responding very much a two-way pleasurable experience; this car feels as if she is painted on the road ahead. It courses between bends without being at all bothered by bumps and/or debris, whilst speaking volumes through its chassis and steering as well as probably manically grinning driver. These are the qualities that make this car one of the most desirable C-Class models that is uncompromisingly the true sporty implementation of this C-Class with its instantly recognizable speed-red brake callipers. The package is complemented with the excellence of a premier Hi-Fi system with single as well as 6CD decks, creating an ambiance only to be found in the more exotic E-Class saloons and comes complete with a brand new Hands-Free Nokia 6230i integrated GSM Bluetooth telephone system. Just been serviced by Mercedes-BENZ with major Type B service plus 130 multi-point inspection all fully documented and stamped up.
